VOL. LVIII NO. 1 ■ JANUARY 2018 ■ CHRIST HALL ■ KOZHIKODE

From the Provincial

'DON'T YOU THINK IT IS A LITTLE TOO LATE!'

The setting was the dining hall of Sameeksha. Frs George Nedungatt, Sebastian Painadath and some others were having our meal. I said to Fr George, "Father, I am so impressed by your self-discipline. I wish I could learn from you". Quick came the reply, "don't you think it is a little too late?" Loud laughter followed. Repartees can be so charming and instructive.

When I decided to join the Society of Jesus, my grandmother wept. And I asked, why are you crying? I always thought she wanted me to be a priest. She explained that joining the military and the Jesuits were the same; both are so strict and tough. The image of the Society of Jesus as a set of tough and disciplined men committed to the mission is something that has the tradition of five centuries.

However, there are times when we are forced to ask whether we are losing some of those proverbial qualities of Jesuits. Are we becoming soft and even fickle-minded?

Fr Ugarte of happy memory used to define genius 'as the ability to stick your ass to the chair'. Harry Truman once said, "In reading the lives of great men, I found that the first victory they won was over themselves...self-discipline with all of them came first". For us Saint Ignatius remains our best model.

Happy New Year, one and all!

M.K. George, SJ

ST JOSEPH'S, CALICUT

The honour of being declared as the oldest school in Kerala was the highlight of the Jubilee Year. Mr Anoop, an alumnus of the school, got the declaration from the Govt. using the RTI facility. A press release by the government declared St Joseph's Calicut as the oldest school in the state with a history of 225 years. Mr Anoop himself took another initiative in preparing a data base of the school from 1947 till 2017. It gives the details of all those who passed

through the school, both teachers and students, during the last seven decades. The data base was officially released at a public function in the school. The festive mood of the Jubilee celebrations got somewhat marred by the tragic death of an 8th Std. student, Master Abhishek R K. He met with an accident while riding a motorbike with his parents. All three of them died on the spot. The incident cast a veil of gloom over the entire school community.

SNEHARAM/LOK MANCH

Thiruvananthapuram Jesuits were at a loss as to how to come to terms with the tragedy that hit our coast in the form of Okhi Cyclone. We participated in the various meetings and protest movements led by the Latin Archdiocese of Thiruvananthapuram. As part of Lok Manch, we have been accompanying the victims of the disaster through our support to the animators and coordinators of Cheru Resmi Centre and Trivandrum Social Service Society. *Adhwana*, another Lok Manch partner organization, offered support in research and documentation related to the mitigation and disaster preparedness of fishers. During a two-hour long Focus Group Discussion (FGD) conducted at Poonthura on the eve of Christmas, the fisher-youth participants angrily questioned why the Government was not ready to start the rescue operations on time. The preliminary findings of the FGDs showed how the Okhi disaster has exposed different aspects of the vulnerability of the coastal population. The major ones are, (i) over-dependence on fishing

(Photo published in the Malayala Manorama Daily, Thiruvananthapuram edition, on January 1, 2018 on a psycho-spiritual support programme conducted on the shore of Poonthura where at least 7 fishers died and a few dozen are yet to return home after Cyclone Okhi).

for livelihood, (ii) lack of job diversification, (iii) lack of disaster preparedness and coordination, (iv) lack of community-based risk reduction communication and disaster management and (v) socio-cultural exclusion of the fishing community from the mainstream communities thus making their life and livelihood issues a low priority.

In the meetings of the disaster management committees at Sneharam held in early December 2017, we came to know that only one person in the group made use of the Radio Monsoon contact number (9266744111) before leaving for fishing. This indicated the need for more creative efforts to improve the risk-communication culture of fishermen along the coast.

Fr Benny Chiramel along with **Fr Deepak**, the Assistant Parish Priest conducted an adoration session and a psycho-spiritual exercise at Poonthura parish. The adoration on the eve of the New Year was a sequel to the homily Fr Benny preached on 30th during the Mass held for the fishermen who were yet to return from the sea. The attempts of the parish priests of the coastal parishes to support the victims and to give visibility of the cyclone-related issues through the media, were inspiring. Right now, the affected people need our psycho-social and spiritual support along with whatever financial help we can muster for them.

90 YEARS AT BORGO SANTO SPIRITO, 4

On 8 December 2017, the Jesuit General Curia marked 90 years of presence at the current location on Borgo Santo Spirito 4, close to the Vatican. Here is an entry from the annals of the house for 8 December 1927:

“On December 8, **Father General (Wlodimir Ledochowski)** wished to bless the new Curia under the auspices of the Immaculate Virgin, according to the formula of the Roman Ritual “pro nova domo benedicenda”. The ceremony took place this way:

Starting from the lower floors, Father General gradually ascended to the higher floors. All the Fathers and Brothers of each floor, after having received the blessing, also went up following Father General upstairs. On reaching the top floor, in front of the image of the Sacred Heart, placed at the head of the staircase, the consecration of the

whole religious family to the Sacred Heart of Jesus was solemnly renewed.”

whole religious family to the Sacred Heart of Jesus was solemnly renewed.”

REMEMBERING FR PETER-HANS KOLVENBACH

The website dedicated to the memory of **Fr Peter-Hans Kolvenbach**, is now available in three languages: English, French and Spanish. Visit <https://kolvenbach.jesuitgeneral.org> to learn more about the 29th Superior General of the Society of Jesus.

PETER-HANS KOLVENBACH LIBRARY

Fr General Arturo Sosa has named the library of the Society at the General Curia in Rome, the “Peter-Hans Kolvenbach Library”. This becomes the first Jesuit institution named after the 29th Superior General of the Society of Jesus. **Fr Kolvenbach** (30/11/1928-26/11/2016) was an avid user of the library throughout his stay at the General Curia. The renamed library was inaugurated on 24 November 2017.

The General Curia has a great treasure with regard to the wealth of books it has been collecting, over the years, in two large libraries. The first is the so-called “Father General’s Library” composed of books written by the Jesuits around the world on a variety of subjects. The second is the “Historical Library” that, formerly, was the Library of the House of Writers.

This library contains books written by Jesuits and non-Jesuits, which have to do with any aspect that refers to the Society of Jesus, whether about its members, apostolic works, their history or their spirituality. The work of modernizing the library was completed by the beginning of October 2017.

Fr General Arturo Sosa has enthusiastically accepted and supported the idea of opening the library to the general public.
